

MEMORY FLASH! “Core Services” Game Picture Cards

Using a color copier, copy each of the 10 resettlement agency core services picture cards below to a sheet of cardstock paper.

Then copy the *question mark icon* to the reverse side of the cards. Each of the 10 cards has a dashed border showing where the cards should be cut. We deliberately left this border off of the *question mark* card.

When you have both sides of all ten picture cards copied, carefully trim your cards down to size by cutting just *inside* the border visible on the picture side. Since there is no border printed on the *question mark* side, you don't have to worry about any unwanted borders being visible if the registration is not perfect from the front to the back. This way, they will look nice, clean and professional!

To protect your work, we recommend laminating all the cards.

Once laminated, trim the excess from the laminating sheet, leaving approximately 5 mm of laminate on each side.
